

RECOMMENDED SNACK LIST FOR PLATTEVILLE SCHOOLS

Serving healthy snacks to children is important to providing good nutrition and supporting lifelong healthy eating habits. Below are a variety of ideas for parents, teachers, and program providers for serving healthy snacks and beverages to students in the classroom or in after-school programs.

Items on this list have been selected because the fat content meets our current Wellness Policy and these foods do not contain peanuts or nuts products. When shopping try to follow these guidelines: **the total calories per serving are less than 30% fat and less than 220 mg sodium.** This list should serve as a guideline, but there are many other food items that will work.

* Cookies, cakes, and chips should not be part of our daily snack routine.
